Student Name: **Student ID:**

1- Tell me about yourself. (background, prior ML/AI experience – if any, your learning style, your experience with UMBC, your plan for future and after graduation)

2- Name three applications of AI/ML that you have seen or used in the past.

3- What are YOUR learning goals for this class? What excites you the most in AI/ML that you want to learn/practice in this class?

4- Is there anything in particular that you would like to share with me? (questions, concerns, suggestions, etc.)
